

TH6DXX Donation from W5XH

ARCUA is lucky to have a fine and generous group of former members. The following photos were taken by Frank Buercklin KB5WAR (then sec'y) in Winter 1994 during the pick-up of the TH6DXX 6-element HF beam donation made by former W5YM alumnus Dr. Murray Harris, W5XH.

ARCUA "mobile operations."

Here, ARCUA members retrieve the TH6DXX donated by Dr. Murray Harris W5XH. L-R, back of Dr. Charlton K5GOE (advisor at the time), back Dr Harris, back of Peter Laws N5UWY (then president).

Gimme some more slack on the goat rope!
